Ceramist – Puneet Brar

• **Play of Life** • **The Passing Storm** • **The floral Sonnet** •

An architect and a ceramist got together to create some artwork at the newly extended Temple Tree Resort and Spa – a boutique hospitality project on the outskirts of Auroville. The addition of 14 well appointed spacious rooms and surrounding landscape gave ample opportunity for this collaboration to lead to some interesting results which blend the inner spirit of offering and the outer spirit of a sensorially rich architecture
